

- Are you looking for an expert opinion on your food safety, allergen and other technical programs without the expense of a consultant?
- Do you need help preparing or responding to a food safety audit?
- Does your company lack technical expertise?
- Confused about labelling and regulatory requirements?
- Can't afford the time to attend a full training course?

In response to customer requests, Symbio Alliance presents

## Evening Tutorial Sessions

Our tutorial sessions are designed for the busy professional, technical manager, small business owner or QA Manager. Tutorials are 2.5 hour sessions and run from 5:30pm to 8:00pm with light refreshments provided.

Attend just one session ... or several sessions, to match your need.

All tutorials run monthly, so there's always a date to suit.

Cost is \$110 per person per tutorial session. Companies can pre-purchase lots of 5 or 10 tutorials at discounted prices.

Pre-tutorial information will be emailed approximately 1 week prior to the selected date and you will be provided the option of an SMS reminder.

Tutorials are currently available in Brisbane in the areas of **HACCP, Auditing, Regulations, Labelling, Allergens** and **Writing Plans**. All tutorials will be held at our training facility at Eight Mile Plains.

**See over for dates and enrolment details ...**
